96-159

DOCKET FILE COPY ORIGINAL

PETITION

I. INTRODUCTION

Southwestern Bell Telephone Company (SWBT), pursuant to Section 3(25) of the Communications Act of 1934, as amended,¹ and in accordance with the guidelines established in the Commission's Memorandum Opinion and Order (MO&O) released July 15, 1997 in CC Docket No. 96-159,² hereby makes application for a limited modification of LATA boundaries to provide ELCS between the Haskell exchange and the Abilene exchange.

II. SUPPORTING INFORMATION

As prescribed in paragraph 23 of the aforementioned Commission MO&O, SWBT provides the following information in support of its application:

1. Type of service: Flat-rate, non-optional Expanded Local Calling (ELC);
2. Direction of service: Two-way;

¹ The Communications Act of 1934, as amended, 47 U.S.C. *et al.*

² Memorandum Opinion and Order, Petitions for Limited Modification of LATA Boundaries to Provide Expanded Local Calling Service at Various Locations, CC Docket No. 96-159, released July 15, 1997. By way of this MO&O the Commission adopted a format for and criteria under which such petitions would be granted. The format and criteria are detailed in paragraphs 23 and 24.

No. of Copies rec'd 074
List ABCDE

3. Exchanges involved: Haskell in the Wichita Falls, TX LATA and Abilene in the Abilene, TX LATA;
4. Name of carriers: Haskell of Contel/GTE Southwest, Inc. and Abilene of Southwestern Bell Telephone;
5. State commission approval(s): See Attachment A;
6. Number of access lines or customers: The Haskell exchange has 2,193 access lines, and the Abilene exchange has 69,688 access lines;
7. Usage data: Usage data is not available to Southwestern Bell Telephone. SWBT does not currently carry traffic across LATA boundaries;
8. Poll results: Percentage of Haskell customers returning ballots who voted in favor of ELC to Abilene: 90.64. Where SWBT is the petitioning exchange, there is no proposed rate increase. Where SWBT is not the petitioning exchange, SWBT does not have information as to any proposed rate increase.
9. Community of interest statement: The Public Utility Commission of Texas includes a Community of Interest Finding in their Order(s). See Attachment A.
10. Map: See Attachment B; and,
11. Other pertinent information: None

III. PRIMA FACIE SHOWING

SWBT believes that it has made a *prima facie* case supporting grant of the proposed modification because the instant ELCS petition (1) has been approved by the state commission; (2) proposes only traditional local service (i.e., flat-rate, non-optional ELCS); (3) indicates that the state commission found a sufficient community of interest to warrant such service; (4) documents this community of interest through such evidence as poll results and descriptions of the communities involved; and, (5) involves a limited number of customers or

access lines. These requirements for a *prima facie* case are detailed in the aforementioned Commission MO&O paragraph 24.

IV. CONCLUSION

Wherefore, SWBT request that the Commission approve its application for a limited modification of LATA boundaries to provide ELCS between the Haskell exchange and the Abilene exchange.

Respectfully submitted,

SOUTHWESTERN BELL TELEPHONE COMPANY

AUGUST 29, 1997

DOCKET NO. 16687

PETITION FOR EXPANDED LOCAL	§	PUBLIC UTILITY COMMISSION
CALLING SERVICE FROM THE HASKELL	§	
EXCHANGE TO THE EXCHANGE OF	§	OF TEXAS
ABILENE	§	

INTERIM ORDER

Findings of Fact

1. On July 12, 1996 subscribers of the Haskell Exchange filed a petition for Expanded Local Calling Service (ELCS) requesting non-optional, two-way, flat rate calling to the exchange of Abilene.
2. The processes for petitioning and balloting included notice that the service would be for a flat monthly fee of up to \$3.50 per residential line and \$7.00 per business line on a non-optional basis.
3. The Haskell Exchange is in the Wichita Falls Local Access and Transport Area (LATA) and is served by GTE Southwest, Inc. (GTE-SW). The petitioned exchange of Abilene is in the Abilene LATA and is served by Southwestern Bell Telephone Company (SWBT).
4. An affirmative vote of 90.64 percent of Haskell Exchange subscribers responding to the ballot favored expanding the local calling scope to include the Abilene Exchange.
5. On July 15, 1997, the Federal Communications Commission (FCC) issued an order, *In the Matter of Petitions for Limited Modification of LATA Boundaries to Provide Expanded Local Calling Service (ELCS) at Various Locations*, CC Docket No. 96-159, FCC 97-244, (rel. July 15, 1997) (*Memorandum Opinion and Order*), providing a procedure for requesting a limited LATA boundary modification.
6. The central office of the petitioned exchange of Abilene is 48.33 miles from the petitioning exchange central office utilizing vertical and horizontal (V&H) geographic coordinates of the central switching offices pursuant to 16 T.A.C. §23.49(c)(3)(B)(i).

7. In addition to satisfying the geographic requirement of the Texas Public Utility Commission rules that the central switching office for a petitioned exchange be within 50 miles of the petitioning exchange, a statement attesting to the existence of a community of interest between the petitioning and petitioned exchanges was filed on July 12, 1996 for the petitioned exchange of Abilene. In addition, more than 30 letters of support from the community have been received in support of this ELCS petition.

8. The Abilene Exchange provides two major medical facilities, doctors, dentists, employment, three universities, state and federal offices, intergovernmental relationships, and is a business and commercial center for Haskell Exchange subscribers.

9. Based on the statement and letters referenced in Finding of Fact No. 7, there is a community of interest between the petitioning Haskell Exchange and the petitioned exchange of Abilene.

Ordering Paragraphs

In accordance with the findings of fact, the Commission issues the following Interim Order:

1. This proceeding is unabated.
2. Petitioners from the Haskell Exchange have shown a community of interest with the Abilene exchange.
3. Within thirty (30) days of the effective date of this Interim Order, SWBT is directed to file a request for a limited modification of the LATA boundary in accordance with the procedures outlined in the FCC order, *In the Matter of Petitions for Limited Modification of LATA Boundaries to Provide Expanded Local Calling Service (ELCS) at Various Locations*, CC Docket No. 96-159, FCC 97-244, (rel. July 15, 1997) (*Memorandum Opinion and Order*), ¶¶ 23 & 24.

4. Within ten (10) days of the receipt of an Order or Notice from the FCC relating to this petition, SWBT is directed to file such Order or Notice in this project.
